Welcome to Luna Sea Fish House and Village Fishmonger, our newly opened restaurant and fresh fish market. We also ship canned products, seafood and crab to anywhere.

We serve breakfast, lunch, dinner & take-out. We serve fish & chips, steamers, seafood sandwiches, chowder, and more. Luna Sea Fish House and Village Fishmonger is owned and operated by a local fisherman.

Starting with the premium Chinook (King) salmon and Albacore tuna, Luna Sea Products makes some of the finest gourmet products you will find, including traditional fresh smoke and gourmet canned Chinook salmon. We have other seafood available seasonally.

When you see our dolphin/ecosystem safe label you know that we use hook and line methods of fishing for individual handling care through all stages of production. The custom smokehouse and cannery we use is renowned for its smoking techniques. No artificial preservatives, colors or flavors are used.

These fish are especially rich in omega-3's, the fatty acids reported to have beneficial effect on cardiovascular system.
